OUR SCHOOL

- Higher Technical School and Secondary Technical School and Grammar School (Vyšší odborná škola zdravotnická a Střední odborná škola zdravotnická a Gymnázium)
- Located on Alšovo nábřeží in Prague 1
- Easy access to historical landmarks, culture events and modern facilities
- In history there were study programms like nursing, dental technology, radiology and pharmaceutical assistance
- Now we have 5 fields of study: dental technician assistant, optometrist, applied chemistry, laboratory assistant and grammar school
- We finish school with the Secondary School Leaving Exam (Maturita)

OUR SCHOOL – 5 FIELDS OF STUDY

- **Dental Technician Assistent** – learns about anatomical structures of the oral cavity, dental diseases, technologies in dental prosthetics and other
- **Optometrist** - examines eyes for vision problems, prescribe eyeglasses or contact lenses and provide vision therapy
- **Applied chemistry -** deals with practical application of chemical principles and techniques in various industries and fields
- **Laboratory assistant -** is identifiing biological material, working with chemicals and is preparing materials for laboratory work
- **The grammar school** - focused on biology and math
